

SAFETY IS ENGINEERED INTO EVERY TOOL WE MAKE.

Experience, adaptability, quality and vision are the foundation of the Cementex brand of double-insulated tools and safety related products. Our continued use of American tools, fabrics and labor paired with these fundamentals not only set us apart from the imitators but have also established us as the trusted safety tool specialists.

WHY CEMENTEX?

- Cementex is the safety tool specialists providing complete electrical safety solutions. We are the **only design-driven manufacturer** of double-insulated hand tools in the market.
- Our performance standard is what the non-manufacturing competition strive to model. Our quality and adaptability to solve our customer's problems make us stand apart. It is our experience and expertise that have driven us to have the leading safety tool offering available with our strength founded on quality American steel products.

CEMENTEX IS THE TRUSTED BRAND

- Expanding your safety solution options for over 50 years
- Design and manufacture custom tools and kits
- Personalized laser marking and/or serialization options
- Manufacturing begins with quality brand name American-made tools

MARKET LEADERS AND INNOVATORS

- Founding manufacturer of double-insulated tools and integral contributor on developing the insulated tool standard ASTM-F1505 with unparalleled experience and product offering
- Active participant of ASTM F18 and continued supporters of NECA, IBEW, JATC, NFPA 70E, CSA Z462
- Tools design focused on ease of use, making the job safer to do
 - Design & manufacture the only fully insulated adjustable on the market
 - Exclusive deep drive ratchet and torque wrench heads
 - Tapered insulation on working end of tools used in restricted working environments

QUALITY AND ADAPTABILITY

- Quality is inherent to manufacturing process and guaranteed
- Adapting | redesigning tools as working environments evolve
 - Develop custom kits for specific needs and ease of purchase
 - Alter current kits for customer needs
 - Create new stock kits as industry needs arise

THE CEMENTEX GUARANTEE

- Cementex guarantees the mechanical parts of the tools for life, provided they are used for the purpose for which they are intended.
- Cementex insulation is guaranteed to be free from defects in material and workmanship for a period of two years from the date of original shipment.
- Our insulation is guaranteed to pass a 10,000 VAC proof test in accordance with the applicable U.S. and International standards and is rated for application to 1000 VAC / 1500 VDC.
